

JERRY L. MOORE, CPD, CGD

EXPERIENCE

DESIGN MECHANICAL, INC. - QUINCY, ILLINOIS

10/04 TO PRESENT

Responsible for the design of commercial and industrial mechanical systems including heating, ventilating and air conditioning, geothermal, controls, steam systems, boiler replacement, fire protection and building plumbing systems. Responsibilities will also include providing medical gas testing and certification for health care facilities.

POEPPING, STONE, BACH AND ASSOCIATES - QUINCY, ILLINOIS

3/89 TO 9/04

Project Manager responsible for plumbing, heating and air conditioning, and fire protection design for the firms architectural projects. Additional responsibilities include medical gas testing and certification, client relations, project estimating, construction observation and progress payment certification. Past projects include the following:

MTA, INC. – SPRINGFIELD, ILLINOIS

8/88 TO 2/89

Draftsman responsible for completing contract documents for bridge and roadway projects.

EDWARD LONG & ASSOCIATES, SPRINGFIELD, ILLINOIS

6/85 TO 7/88

Hired as a draftsman to become familiar with the basics of electrical, plumbing, heating and air conditioning design. I was moved to plumbing designer to complete contract documents for all commercial and industrial buildings.
